Dear Potential Sponsor,

Oak Spring Equestrian, LLC is proud to host (5) working equitation schooling shows at our farm in Woodbine. We have been hosting these types of shows since 2019. We are always looking for ways to grow and enhance the sport.

Working Equitation is a growing sport that consists of 3—4 phases of competition. Dressage, Ease Of Handling or EOH, Speed and Cattle. Only a few of these shows exist withing an hour drive of our facility.

OSE has become a great show destination for competitors in this sport. We offer a low key, quiet facility. We have ample parking, 2 rings, easy in/out for all size trailers and a heated/air conditioned building to house the secretary booth, lunch or a place if someone needs to get out of the heat or cold. We hold the dressage phase in the indoor riding arena and the EOH and speed phases in the outdoor ring. We do not hold the cattle phase as we are not set up for it.

New for 2024, we are hosting a year end banquet after the conclusion of the show series. The date is to be determined. What better way to honor the horses and riders but with prizes to show their hard work, dedication and achievements. Some of these riders have no desire to show at the larger licensed shows. Some may never win a ribbon—but we want to change that... we want to reward everyone for getting out there and trying.

How can you help?

We are looking for sponsors at different levels. Your sponsorship will help us offer fabulous prizes and awards to the competitors and volunteers. Sponsorship starts at \$25. No amount is too small. In kind donations are also accepted and appreciated.

We hope you will consider donating to help support and grow the sport of working equitation. Please let me know if I can answer any questions.

Sincerely,

Barb Sullivan
Owner, Oak Spring Equestrian, LLC
